

Fellowship in Diagnostic Hepato-Pancreato-Biliary and Gastrointestinal Radiology

The course is accredited by
Bharath Institute of Higher Education and Research (BIHER)

**Eligibility: MD / DNB Radio-diagnosis (or)
Equivalent International Qualification**

Duration : 1 Year

Dr. Rela Institute & Medical Centre (RIMC) is a tertiary care centre in Chennai with the Hepatopancreatobiliary and Gastrointestinal services provided by a world renowned team led by **Prof. Mohamed Rela**. This Institute is fast becoming one of the busiest centres in India for adult and paediatric liver transplantation (living related and cadaveric), hepatopancreatobiliary surgery and gastroenterology and will offer our trainees an excellent opportunity to gain exposure to these cutting edge specialties.

The Department of Radiology & Imaging Sciences at Dr. Rela Institute & Medical Centre provides comprehensive imaging services round the clock to our patients. The department is equipped with state of art imaging equipments and offer a wide array of imaging modalities. The Department is pleased to offer a one year Fellowship in Diagnostic HPB and GI radiology for Post MD/DNB Radio-diagnosis candidates.

The key highlights of this fellowship training are :

- Imaging the spectrum of tumours of HPB and GI system using the latest imaging techniques
- Pre transplant imaging work up for acute and chronic liver disease in adults and children
- Liver donor assessments including CT volumetry, learning the normal and variant hepatic vascular and biliary anatomy
- Unique opportunity of honing your Doppler skills in pre transplant, intra-op and post transplant settings
- Post transplant liver imaging
- Imaging of inflammatory conditions of the pancreas, gall bladder and gut and their complications
- Attending tumor board and MDT meetings and interacting with physicians and surgeons
- Participation in the department's academic sessions, conducting clinical audits and pursuing research projects up to publication
