Dr. Rela Institute & Medical Centre (RIMC) is a multi-specialty quaternary care medical facility with state-of-art infrastructure facilities located in Chromepet, Chennai, India. RIMC has a dedicated "Institute of Advanced Paediatrics" which takes care of children and adolescent less than 18 years of age.

Department of Paediatric Gastroenterology Hepatology and Transplantation at RIMC, offers Bharat University accredited **Postdoctoral Fellowship in Paediatric Gastroenterology Hepatology and Nutrition and Paediatric Transplant Hepatology Fellowship**. With more than 100 paediatric liver transplantations per year this is one of the largest paediatric transplant programme in the world.

Basic fellowship training will focus on comprehensive management of children with GI and liver disease while the **Advanced Paediatric Transplant Hepatology Fellowship** will focus on post-transplant intensive care management, immunosuppression monitoring and follow up of liver transplant patients.
